

FOR IMMEDIATE RELEASE

Packaging Corporation of America Project Underway

Grandville, MI . (March 20, 2008) Wolverine Building, Inc. is pleased to announce their selection as general contractor for a local supplier of corrugated packaging and displays, the Packaging Corporation of America.

Wolverine is starting numerous remodeling projects at the PCA manufacturing plant, located at 3251 Chicago Drive SW in Grandville. The first project entails the remodeling of all existing bathrooms. Improvements include the replacement of plumbing fixtures, installation of new stainless steel partitions, new forced air hand dryers, new mirrors & cabinetry, new ceiling grid & tile and fresh paint throughout the existing bathrooms. The construction for this first project is scheduled to be completed March of 2008.

Wolverine Building, Inc. is a full-service general contractor with more than 65 years of experience providing construction services to clients throughout Western and Central Michigan. They specialize in the construction of commercial and industrial facilities, including office, retail, churches, warehouses, and manufacturing buildings.
