

**FOR IMMEDIATE RELEASE**

**Fast Track Build-out**

Grand Rapids, MI (August 5, 2008) . Wolverine Building Inc. has been selected general contractor for the remodel of a 7,000 square feet office suite for Ryerson, Inc. at 3100 Orchard Vista in Grand Rapids.

Ryerson is a leading distributor and processor of metals in North America. The Design/Build 7 week remodel is a selective demolition project, where existing doors and hardware will be reused, while new flooring, carpet, and wall coverings will be installed. The challenge will be to fit the old with the new and make a comfortable finished office space for Ryerson to expand their metal services to West Michigan.

According to project manager Bill Carmean, "It is exciting to be back in this building to continue with the improvements. I am looking forward to working with George Wanty and Nancy McDonough from Midwest Capitol Advisors once again. After the recent remodel to the exterior and interior common areas, it will be rewarding to be a part of the remaining upgrades to the building."

Wolverine Building, Inc. is a full-service general contractor with more than 65 years of experience providing exceptional construction services to industrial and commercial clients throughout West and Central Michigan.
