Construction

Dutton - Gaines Charter Township, Wolverine Building Group, and Paradigm Design are proud to announce the completion of the new **Dutton Fire Station**. The 12,000 square foot facility is an impressive upgrade, providing training rooms, living areas for future, full-time firefighters, and additional vehicle and equipment storage. **Wolverine** worked largely with local subcontractors, including several Dutton contractors, on the renovation; the \$1.4 million dollar project wouldn't have been possible without over \$866,000 in federal funding from the American Recovery and Reinvestment Act, allowing Gaines Township to actualize their needs for an upgraded fire station.
