

FOR IMMEDIATE RELEASE

Peppino's South Opens in Gaines Township

Gaines Township, MI – (Oct. 5, 2010) Wolverine Building Group is pleased to announce the completion of Peppino's South Grille & Pizzeria bringing 85 new jobs to Gaines Township.

The project included the renovation of a former Malarky's Restaurant into the new location for the fast growing Peppino's brand pizzerias. The fast track remodel included minor demolition for open floor space, upgraded wall, ceiling, and floor coverings, a new sports bar area, take out area, and small exterior upgrades to the entryway and landscaping.

The most striking of its features is the amount of custom wood working through-out the restaurant, particularly in the bar area, making the Peppinos South location a unique atmosphere from its other locations. Peppinos South is the third of its kind, becoming a sister location to the Peppino's Sports Lounge Downtown Grand Rapids, and the original Peppino's Grille & Ristorante in Allendale.

Join us today, October 5th, 2010, at the Grand Opening and Celebration of Peppino's South located at 1515 Eastport Drive in Gaines Township.
