

FOR IMMEDIATE RELEASE

Ribbon Cutting Ceremony Planned for the New Dutton Fire Station

Dutton, MI – (April 6, 2010) Gaines Charter Township, Wolverine Building Group, and Paradigm Design are proud to announce the completion of the stunning new Dutton Fire Station.

The 12,000 square foot facility is an impressive upgrade to what it was just months ago. Construction included the renovation and expansion of the existing fire station into a spacious new offices, living areas for future full time firefighters, and training rooms as well as additional vehicle and equipment storage. Wolverine worked largely with local subcontractors, including several Dutton contractors, on the renovation making the project a highly commended community effort. The team communicated closely with the Dutton Fire Chief keeping Dutton Fire & Rescue open and operational during the entire construction process.

The 1.4 million dollar project wouldn't have been possible without over \$866,000 in federal funding from the American Recovery and Reinvestment Act, allowing Gaines Township to actualize their needs for an upgraded fire station. Dutton Fire and Rescue now has the capability of staffing future full time firefighters and serving the community for many years to come.

Join Gaines Charter Township for the Grand Opening Celebration of the new Dutton Fire Station at 3471 - 68th Street SE.

Saturday, April 30, 2011

7:00am – 10:00am Community Breakfast

10:30am Ribbon Cutting Ceremony and Celebration
